PreReal Investments CEO Named To Board Governing Spaceport America

Patrick Pharr 15 hrs ago

James Pridemans, CEO of PreReal Investments, has been appointed by Gov. Michelle Lujan Grisham as a voting member of the New Mexico Spaceport Authority...

The appointment comes as commercial space activity accelerates in southern New Mexico, where Spaceport America serves as the operational home of Virgin Galactic...

Fiber made for small business.

The board sets policy, provides financial oversight, hires the executive director and guides long-term strategy to aerospace growth and statewide economic development.

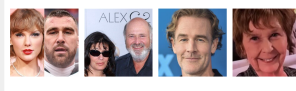

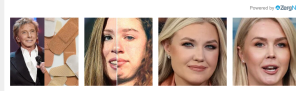

'This appointment is a solid addition to the board, contributing private-sector leadership, economic development experience and regional insight that will strengthen Spaceport's work as a pivotal force for New Mexico's space economy.'

'I am honored by the Governor's appointment,' Pridemans said. 'Spaceport America represents innovation, economic opportunity and long-term investment for Sierra County and communities across New Mexico. I look forward to working with the board to support the growth and economic vitality the spaceport brings to the region.'
